

HSC Commercial

The Green Manufacturer's Representative

Ultra High Efficiency

Copper-Finned Tube Hydronic Boilers & Water Heaters. Indoor & Outdoor Design, Standard and High Efficiency Designs, up to 4,000,000 BTU.

Stainless Steel 94% Modulating Condensing Commercial Boilers 300 MBH to 1700 MBH

Ultra High Efficiency Hydronic Boiler & Water Heaters. Stackable Using Seismic Zone IV Racks. 95% Condensing Designs with Acid Neutralizing Kits. Americas Most Favorite Condensing Boilers.

Ultra High Efficiency Tank Type Water Heater. 96% Condensing Designs 100 MBH to 199 MBHm with tank capacities up to 119 gals. Load Matching 3:1 modulation.

Commercial Cast Iron Steam and Hydronic Boilers. Atmospheric & Forced Draft. Natural Gas and Oil Fired Designs. Old & New Style Cast Iron Radiators.

For Multi-Family Housing, Wall-hung Combi Boilers - Hydronics & Domestic Hot Water.

Gas Fired Chillers • Gas Fired Heat Pumps.

Geothermal Heating, Cooling, and Hot Water Equipment.

Ground Source Heat Pumps.

HVAC Inline, and Plumbing, Bronze Fitted and All Bronze Circulator pumps. Capacities up to 200 gpm.

Modern Euro-style Steel Radiators, Flat panel, tubular, towel warmer designs, Fan Convectors.

Packaged Pressure Booster Systems & HVAC Skid Packages. UL Listed and Factory Tested Systems at Design Conditions. Constant Speed and Variable Speed Designs.

Communicating Thermostats and Hydronic Boiler Controls.

Radiant Ceiling Panels, Commercial Convectors, Heating and Cooling.

Hydronics, Infloor Radiant Heating Products, PEX tubing, Brass & Copper manifolds.

Infloor Radiant Heating Insulation.

Infloor Radiant Heating panels. Holds & Transfers heat from PEX Tubing into flooring.

Stainless Steel Semi-Instantaneous Steam Fired Packaged Water Heaters. Steam to Steam Generators, Deaerator Systems, Shell & Tube Heat Exchangers.

Electric, Solar & Gas-Fired Large Capacity Water Heaters, DI Water Heaters, Stainless Steel and Cement Lined Tanks.

ASME Tanks, Custom and Stock designs, Pressure Vessels, Blow Down Tanks.

Pre-insulated Flexible PEX System for Underground.

ASME Bladder Expansion Tanks, Non-code Diaphragm Tanks for Potable Water, Hydronic Specialties.

Coil Kits, Hydronic Balancing Valves, Hose Kits, Components and Accessories.

Expansion Joints, Seismic For Pumps and Motors.

Brazed Plate, Plate & Frame, Stainless Heat Exchangers.

SPECIALTIES

Miljoco: Thermometers, Pressure Gauges and accessories

Macon: Non-Electric Thermostatic Temperature Control Valves, for Radiation Units
