

Products used in single family residential, and in multi-family projects where each residence has its own mechanical and plumbing system.
For commercial designs see HSC commercial product offering

Residential Mechanical and Plumbing Products

Rev 4.18.19

Mechanical

Hydronic Boilers

U.S. Boiler (Burnham): Residential, light commercial hydronic heating boilers. Firetube and water tube boilers that are quiet and feature the intuitive Sage control system. usboiler.net

Alpine boiler series: From 85 MBTU to 399 MBTU. Configured to be the easiest boiler replacement for the Munchkin. usboiler.net

K2 water tube: Has 80 MBTU to 180 MBTU sizes. usboiler.net

Aspen fire-tube series: Equal to the Knight, Triangle Tube and EFT boilers. usboiler.net

Combi Boilers

Aspen fire-tube series: Has a 155 MBTU combi boiler. usboiler.net

K2 water tube: Has a 135 MBTU and a 180 MBTU combi. usboiler.net

Hydronic Specialties

Hydronic Accessories

Taco: Vents, tempering valves, pressure reducing valves. Zone valve hydronic & geothermal zone valves. tacocomfort.com

Elbi of America: Expansion tanks non-Code, residential hydronic accessories. elbi.net

Tunstall Steam: Steam traps and hydronic steam accessories. tunstall-inc.com

Miljoco: Temperature and pressure gauges. miljoco.com

Boiler Buddy: Buffer tank. htproducts.com

Circulators

Taco: Hydronic & recirculation pumps to 235 gpm. Best selection of ECM, Delta-P and Delta-T pumps. tacocomfort.com

Boiler Controls

Taco: Zone controls and switching relays. tacocomfort.com

Tekmar: WiFi thermostats. Whole house control, boiler staging control, radiant floor and heat pump controls. tekmarcontrols.com

Heat Exchanger

Taco & SWEP: Brazed plate heat exchangers, single and double wall options. SWEP.net

Radiant Heating

Thermalboard: 5/8" tall composite plywood radiant floor with aluminum heat transfer, grooved out to 8" on center, using 3/8" tubing. thermalboard.info

Mr. Pex: Hydronic and potable Pex A tubing up to 2" and pre-insulated PEX. Includes all necessary manifolds, accessories, and fittings. mrpexsystems.com

PHP: Package hydronic manifolds. www.phpinc.us

Ecowarm: 3/4" tall plywood radiant floor with aluminum heat transfer, grooved out to 12" on center, using 1/2" pex tubing. ecowarmradiantheat.com

Radiant Insulation

NOFP: Easy-to-install flexible foam insulation for hydronic radiant systems. nofp.com

rFoil: Easy to install roll out reflective radiant insulating material. rfoil.com

Fan Convectors

Myson RCU: Recess wall-mounted with flow and zone control built in. mysoncomfort.com

Jaga: Recessed custom home wall, ceiling and floor heating and cooling units. jaga-usa.com

Myson: Kickspace, wall units, hot & chilled water fan convectors. mysoncomfort.com

Radiators

Myson: Décor, and Select style radiators. Recessed and wall mounted fan convectors for residential and multifamily residential applications. Wall mounted electric resistance heaters. mysoncomfort.com

Baseboards

Heating Edge: High capacity hydronic base board heaters. smithsep.com

Embassy: Cost competitive residential baseboard. embassyind.com

Plumbing

Tank Type Water Heaters	Hubbell GSE: 55-65 MBTU 95% efficient cement lined tank type water heater. Replaceable stainless steel heat exchanger. hubbellheaters.com
Electric Water Heater	Hubbell: Point of use, Model CE110. hubbellheaters.com
Tankless	Vesta: High efficiency gas tankless water heater, 5 to 1 turndown modulation, VRP-150, VRP-199, or VH-199. vestahws.com .
Combi Water Heaters	Aspen fire-tube series: Has a 155 MBTU combi boiler. usboiler.net K2 water tube: Has a 135 MBTU and a 180 MBTU combi. usboiler.net Hubbell: Coming soon. hubbellheaters.com

Heat Pumps and Air Handlers

Heat Pumps	Chiltrix: The worlds most efficient heat pump for space heating, cooling and DHW. chiltrix.com Hubbell: Heat pumps with electric backup. hubbellheaters.com Spacepak & Monobloc: Hydronic heating and cooling. spacepak.com
Air Handlers	Spacepak ESP: LoV water to air ducted air handler. spacepak.com Spacepak: Mini ducts. spacepak.com

Solar Hot Water

Note: HSC can include all necessary solar specialties to make a complete solar hot water system. This includes controls, drain back tanks and pumps.	AET: Solar mthermal systems. Flat Plate solar thermal collectors, CSI approved for residential DHW systems low income housing rebates. AETsolar.com Power Panel PVT: Combined PV and solar thermal panel. More efficient than a standard individual PV and solar thermal panel. Powerpanel.com Fernox: Non-Toxic propylene glycol. fernox.com Hubbell: Solar storage tanks. Stainless steel, cement or glasslined, with electric or boiler backup. Hubbell GSE: Stainless steel tank with solar heating coil with gas-fired burner as backup. hubbellheaters.com
---	---

Water Treatment Chemicals

Water Treatment	Fernox: Hydronic non toxic chemicals, and open loop exchanger cleaning chemicals. Propylene glycol, non-toxic. fernox.com GTP: Residential hydronic feeder systems. gtpcompany.com/residential JJM: Condensate neutralizers, residential and Commercial. jjmboilerworks.com . Scaltrol: Open loop hard water treatment system. scaltrolinc.com
------------------------	--

Miscellaneous Products

Mixing Valves	Webstone: Water heater and point-of-use hydronic for residential applications. webstonevalves.com
Flood Protection	Taco: LeakBreaker, water heater shutoff. tacocomfort.com Taco: FloodBreaker, whole house water shutoff. tacocomfort.com
